

# Digital Signage

# Technology Summit

+ Optimize Value & Fit + Become an Expert + Cut Costs + Invest Wisely

**infoComm09**  
INFORMATION COMMUNICATIONS MARKETPLACE

June 16th & 17th, 2009 at Orange County Convention Center, Orlando, FL

The Digital Signage Technology Summit is your opportunity to tap into the one of **BIGGEST** communication **TECHNOLOGY BREAKTHROUGHS** of the **DECADE**. Education, corporate, government, transit and healthcare facilities are now adopting this technology in huge numbers for immediate benefits!

How can you take advantage of this **NEW WAVE**?  
Your first step to becoming a "digital signage expert" is this conference!

Take away these benefits  
**for your specific group:**

## Education, Corporate, Government, Transit and Healthcare Facilities:

- Deliver real-time emergency alert and notification
- Improve speed of delivery and communication efficiency
- Increase productivity, motivate and educate employees
- Reduce costs and save money
- Facilitate way-finding and direct traffic flow
- Generate new revenue streams through advertising opportunities
- Evaluate vendors and choose the right partners for success

## Audiovisual pros, Integrators, System contractors, Dealers and Consultants:

- Become an expert on one of the highest technology growth areas in North America
- Connect with institutional/corporate buyers of your products and assess their needs
- Plan rollouts effectively, from pilot stage to implementation
- Deliver systems interoperability and scalability

## Flat panel Display, Software, Media Transport, Suppliers and Vendors:

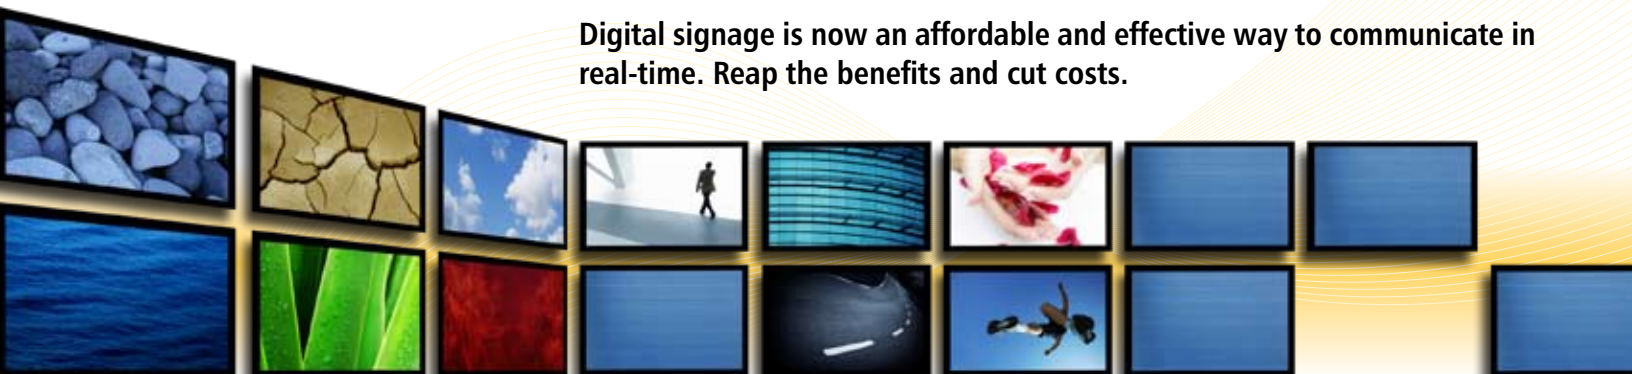

- Attract new businesses and maximize revenue
- Showcase your latest software and content management applications

**Access to InfoComm exhibit hall and special events included in your registration!**

## Our elite lineup of speakers has **HANDS-ON, REAL-WORLD** experience...

Hear from Central Florida Community College, Lockheed Martin, SAIT Polytechnic (Canada), Jyske Bank (Denmark), Newark Beth Israel Medical Center, Art Institutes & South University and more!

Digital signage is now an affordable and effective way to communicate in real-time. Reap the benefits and cut costs.
